North Lakes Specialist Medical Centre

responds to patients needs, giving access to quality medical care with ample parking and the provision of complementary health care services in a community location.

A large scale multidisciplinary, collaborative culture within the centre.

North Lakes has seen strong population growth and has relatively high average household incomes. The area is set to continue to grow supported by solid infrastructure and significant retail and commercial investments.

- Large specialist medical centre in the heart of one of South East Queensland's fastest growing master planned communities
- High quality, state of the art medical suites, already home to more than 20 specialist groups
- Stunning views to Moreton Bay and beyond
- On site pharmacy, radiology, pathology
- On site café
- Future specialised rehabilitation and health gymnasium
- Adjacent to major shopping and Queensland Health precinct, aged care facility and proposed private hospital
- On site day hospital
- 213 car bays offering free staff and patient parking
